Global Tax Risk Management SPECIAL REPORT

Written by: PJ Henehan & Aidan Walsh

Tottel Publishing announce the release of a brand new special report title; **Global Tax Risk Management**.

Global Tax Risk Management deals with the role of the person charged with ensuring that tax risks within a company are accurately and effectively identified and managed. Tax professionals in advisory firms and in large multi-national companies within the UK and worldwide will find this special report invaluable.

A thorough guide using real examples and case studies, this brand new special report outlines the complexities and issues tax professionals face and articulates why compliance is so difficult but how it is possible. It identifies where the real tax risks lie and explains how to mitigate these risks.

Contents include:

The Role of the Tax Director
The Changing Climate and Appetite for Risk
Accounting for Tax
The International Element
Complex Organisations = Complex Problems = Tax Risk
The Significance of Company Culture and Routines
Making Sense of the Tax Rules
Long Term Capital Management Case Study
Risk Assessment
Drafting a Tax Policy
Tax Processes and Controls
Documenting Tax Processes and Controls
Learning from Problems, Errors and Deficiencies

Included is an appendix that enables the reader to become aware of potential tax risks in individual countries. This unique feature identifies traps for the unwary and what can go wrong in the featured jurisdictions. The appendix covers some 14 countries including; Australia, People's Republic of China, India, Japan, The Russian Federation, United Kingdom and United States.
