Evidentiary Foundations

Written by: Liz Heffernan, Ray Ryan and Edward J Imwinkelried

Tottel Publishing announce the release of **Evidentiary Foundations**, the new guide to the evidentiary doctrines applied in the Irish courts.

Combining discussion of law and practice, **Evidentiary Foundations** locates the subject within its practical setting. Using hypothetical examples, the title illustrates how the substantive rules of evidence convert into concrete lines of questioning in the courtroom.

This is the first book of its kind on the Irish market and will offer invaluable guidance for both practitioners and students of the law of evidence, and of court practice and procedure.

Evidentiary Foundations provides:

- Brief, succinct explanations of the rules of evidence
- Practical guidelines as to the application of the laws of evidence in court
- A step-by-step approach to laying the necessary foundations for the introduction of items of evidence

'Evidentiary Foundations' is based on the 6th edition of Professor Imwinkelried's authoritative American text and amended for the Irish market.
